# LEARN IT!

What should I see?

At one time, Saul was sure that the followers of Christ were the enemies of God, and he did all that he could to stop them. He put many in prison and even hurt some of them. Sometime later, Saul was headed for Damascus. As he was traveling along the road, a bright light shined down on him. He fell to the ground in fear. God asked Saul why he was persecuting Him. Then He told Saul to get up, go into the city, and wait to be told what to do there. When Saul got up, he could not see! He had to be led into Damascus by other people. He was blind for three days and nights. When he got to Damascus, a man came to him and said, "Saul, receive your sight". At this time, Saul was able to see again. Saul became a new person and began to share with others all the good things about Jesus. From this point on, Saul was known as Paul. (Source: Acts 22:6-15)

## Memory Verse:

*Be wise in the way you act with people who are not believers, making the most of every opportunity. Colossians 4:5 NCV*

What's the key?

God wants us to reach out to others by helping with their needs and telling them about Jesus – just like the story of Saul. Sometimes God causes things to happen in our lives that get our attention and encourage us to get involved and share with others.

What's that to me?

God can use us for His purposes. The experiences we go through in life can help us share God with others. The way we treat others will show them God's love.

How should I be?

We can be kind toward the people around us. We can help others by giving our time and resources and helping them when they are in need. We can tell others about God and what He has done in our lives. We can also invite to come to church with us this week.
