

All money raised will go directly to sending Anchorage high school kids to “the best week of their life” at a Young Life camp. Young Life has been doing camps for over 60 years and they have nearly perfected the experience for kids. This past year we took 47 kids and leaders to camp from one high school and it has had a profound effect on the culture of that school. When kids are able to drop the walls that surround their hearts and talk freely about hurts, struggles, and God...it has a profound effect. Help us change lives by a kid “the best week of their life.”
